On the need for employment equity in 2016.

For those interested in learning more, I suggest the following studies that were referenced in my commentary at Policy Options, march 7, 2016.

Examples of gender bias in evaluations for hiring and promotion:

A nice summary of several studies can be found in Mukesh Eswaran’s book *Why Gender Matters in Economics* (Princeton, 2014, Chapter 2). I highly recommend the book.
